

Jen Robson

Life Drawing - Long Pose

Saturday 25th May 2024

10.00 - 16.00

Spend the day working from one long pose with an unclothed model. This is a great chance to really take your time and focus on making work with figurative artist Jennifer Robson. Jen will be there to offer support, guidance, advice and tips where needed. Bring any materials you wish to use, dry or wet media, whatever you fancy.

In Life Drawing, we often don't get the chance to make detailed drawings, due to the limits of time in shorter poses. Use this full day to relax into the process, by developing your favourite media or experimenting with a variety of media. Either way you will deepen your knowledge of the figure in a relaxed, supportive and friendly environment.
